eDAILY
eDAILY

Your eDAILY at a glance

A new colour language:
IVECO Grey meets a touch of blue

Up to 400 km* urban range autonomy
and only 20 min to charge 100 km

Up to 7,2 t Gross Vehicle Weight,
up to 3,5 t towing capacity

Up to 50 kW Electric PTO
(Power Take-Off)

Born Connected. Built to Evolve
with Over-the-air capabilities
from day one

IVECO Services to maximize uptime
and business productivity

* Urban range based on simulations with vehicle parameters from homologation measures.
Range may vary depending on driving style, external weather and other conditions.

Engineered for your success

Sustainable
Access all areas with zero emissions.

Versatile
Ready to follow your business even in the most demanding missions.

Superior driving experience
More user-friendly, comfortable, stylish and immediately recognizable than ever.

Improved overall quality
Extended battery life, increased Electronic Parking Brake durability, improved doors architecture.

Empowered by smart services
Maximizes your eDaily's uptime and your business productivity.

Born Connected. Built to Evolve with Over-the-air capabilities from day one
Your new IVECO vehicle is always state-of-the-art, maximizing your time on the road.

IVECO Services to streamline electric operations
Tailored services managing energy, charging and uptime across your electric mission.

Access all areas, no limits, with the best van in town

Capable, safe and user-friendly

Whatever you may go in town for – to load, deliver, sell or build – eDaily is your best solution for emission-free and noise-free urban travel.
eDaily is as versatile as the Daily: it offers the same cargo volume, gross vehicle weight, agility, transformability as the Diesel versions.
The driving mode selector allows you to either extract maximum power or minimize energy consumption.
One Pedal Drive mode makes urban driving easier and converts brake kinetic energy into electricity reducing eMotor energy consumption.
With eDaily you have all your creature comforts; including the AIR-PRO intelligent pneumatic suspension which offers 25% vibration reduction, as well as all of the technologies and features of eDaily that you are used to.

All the range for your eDAILY routes

As much autonomy as your business requires

Different battery size installation allows you to match your eDaily's range with the scope of your mission. You can set your single wheel eDaily with LFP battery and your twin wheel eDaily with NMC battery. All this, together with up to 400 km autonomy in WLTP cycle, makes eDaily perfect for your operation.

Ranges		77 kW/h	74 kW/h	111 kW/h	148 kW/h
35S	**WLTP**	290	-	-	-
42S	**WLTP**	280	-	400	-
50C	**WLTP**	-	200	260	-
72C	**WLTP**	-	140	200	240

The following conditions apply: batteries at beginning of life and fully charged, battery cell temperature 23 °C, vehicles set in Eco Driving Modes and in Standard Regenerative Mode with no ADAS and air conditioning or heating. Reference models are: 35S VAN H1 WB 3.520 for 77 kWh battery, 42S VAN H1 WB 3.520 for 77 kWh battery, 42S VAN H2 WB 4.100 for 111 kWh battery, 50C VAN H2 WB 4.100 for 74 kWh and 111 kWh battery, 72C VAN H2 WB 4.100 for 74 kWh and 111 kWh battery, 72C CAB 5,25 m² WB 5.100 for 148 kWh battery, with tyres class A and mechanical suspension. Actual ranges can vary depending on various conditions such as external elements, driving behaviour, vehicle maintenance, age of the lithium-ion battery.

Charging times to fit around your operation

Easy-access front charging plug with different charging options

The eDaily charging plug is easily accessible from whatever direction the cable is coming. Behind the flap which protects the plug from water and dust, a LED indicator shows the status and level of charge.
eDaily can be charged in every situation, connected to charging columns, industrial sockets and home sockets. Fast charging up to 115 kW.

New lateral charging socket

To give you even more options to charge your eDaily in every situation, a new charging socket is now available on the side of the vehicle.

Charging made easy

Start with IVECO eCharge, the turnkey solution that combines private and public charging in one offer.
Power your eDaily at home or in the depot with premium partner chargers carrying the exclusive quality label "**Recommended by IVECO**", including a 22 kW AC Wallbox made in Europe and fully tested for interoperability, plus DC fast chargers for demanding operations.
Enjoy peace of mind with expert installation and multi-year assistance coordinated by the IVECO Customer Uptime Center, and access 1,000,000+ public points using the IVECO eCharge Card, all managed through IVECO ON and the Easy App.
Availability of products and services may vary by country.
Please check with your local IVECO dealer.

56 MWh* total energy throughput per battery	**eDaily** with ePTO

Battery substitution when capacity <80%

*112 MWh with 77 kWh battery.

Comfort and functionality

Stylish in all environments

The cab is designed around you, with a car-like dashboard and a host of new features and functionalities to provide a superior work environment with a user-friendly interface, so you can focus on doing your job comfortably.
The ADAS remote control simplifies the management of safety settings, enabling configuration according to the mission profile and applicable driving conditions.

Functional dashboard

The new dashboard with ready-to-use storage compartments is designed to make your life easy with phone and tablet holders, wireless charging and all the space for your belongings.

Configurable cluster

Easily read all your vehicle's information on the standard 10 inch cluster with a wide screen and larger font sizes. Choose from three layouts, easily switching with the stalk lever button.

Infotainment

Enjoy your life on board with the 10 inch high-resolution colour display integrated into the dashboard. Navigation is simple and intuitive, and you can link your mobile device with mirroring and use IVECO Driver Pal with the in-cab microphone.

DAB radio

You can easily interact with the new DAB radio using the 7 inch touchscreen display and voice recognition, and connect your mobile device.

Supreme seating comfort

The seat cushion, backrest and headrest in memory foam deliver more safety and comfort with a premium driving experience. The seat and levers are designed to facilitate frequent entry and exit, typical of delivery missions.

Hands-free entry & exit

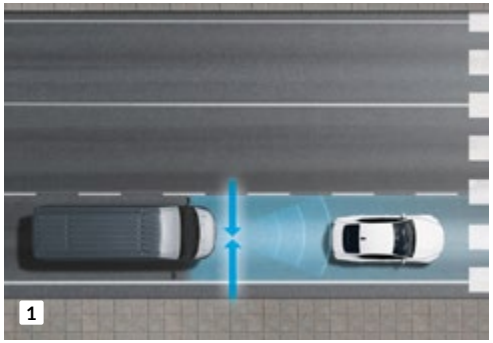
Deliveries are fast and convenient with the new Keyless Entry & Go feature, consisting of keyless operation of the eDaily's door locks and engine Start&Stop function.

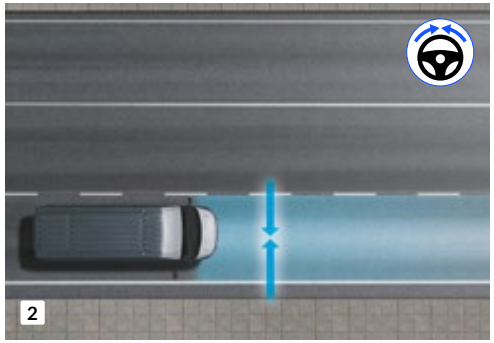
Quiet workplace

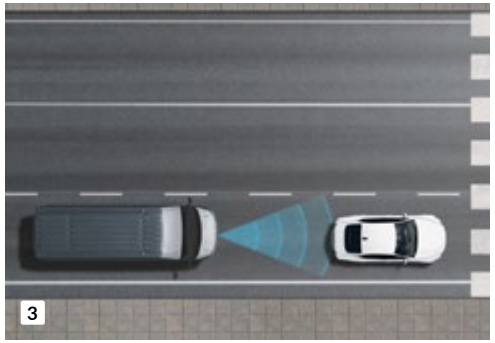
Enhanced in-cab acoustic comfort allows for a more relaxed and safe driving experience.

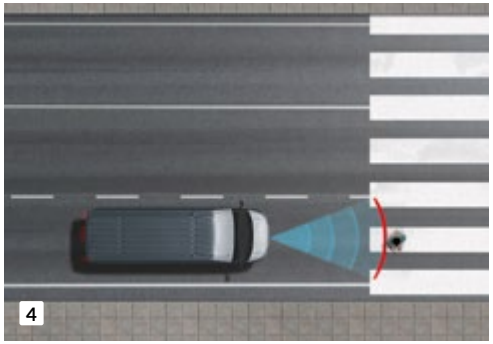
Effortless safety on the road

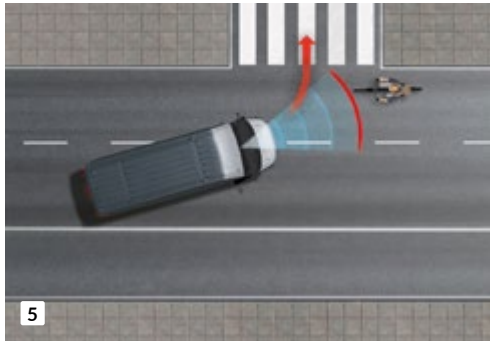
The eDaily offers a safe and stress-free driving experience with a host of new Advanced Driver Assistance Systems that will make driving on the road and in traffic, manoeuvring and stopping for deliveries effortless.
The new ADAS are particularly valuable in urban missions, where they will help avoid possible collisions with pedestrians or cyclists.

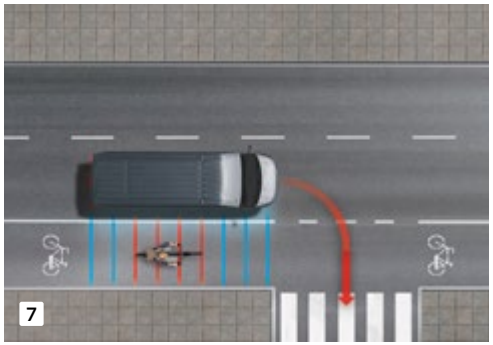


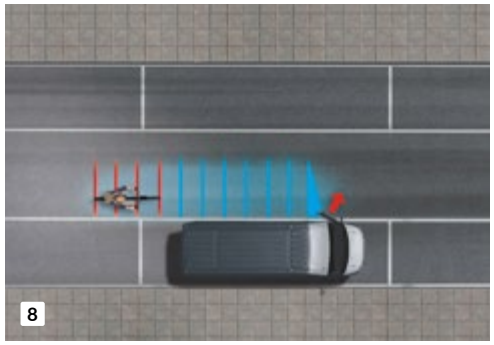


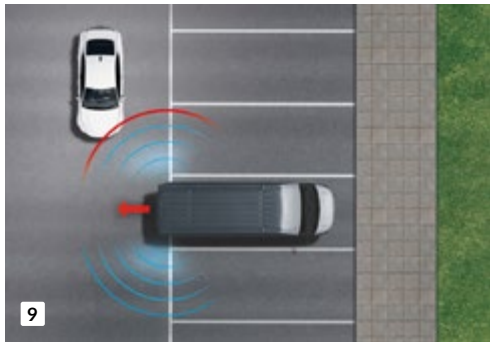


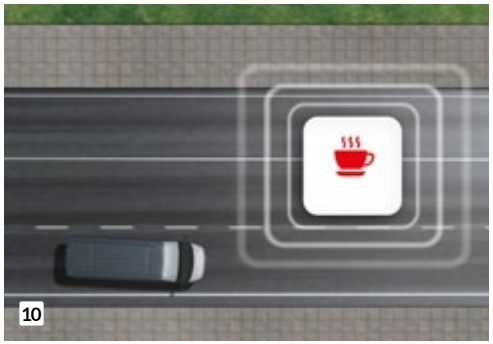












1 **Traffic Jam Assist**
Automatically follow the traffic flow and stay in your lane.

2 **Lane Centering**
Automatic steering to continually center the vehicle in its lane.

3 **Adaptive Cruise Control with Stop&Go**
Cruise safely on the road, automatically keeping pace and stopping with the vehicle in front.

4 **AEBS & City Brake**
Avoid collisions in city traffic and protect Vulnerable Road Users.

5 **Turn Assist**
Turn safely, automatically braking to avoid collisions.

6 **Intelligent Speed Assist & Traffic Sign Recognition**
Always keep to the speed limit and keep safe with alerts and traffic sign recognition.

7 **Blind Spot Information System**
Turn safely protecting cyclists.

8 **Blind spot & door opening warning**
Change lane and manoeuvre with confidence and open the door safely.

9 **Rear Cross Traffic Braking**
Reverse with confidence.

10 **Advanced Driver Distraction Warning (ADDW)**
Monitors the driver's attention and fatigue levels through a camera mounted on the driver-side windshield pillar. When signs of drowsiness, fatigue, or distraction are detected, the system issues visual and acoustic alerts.

Note: the ADDW camera does not record or store any video during driver monitoring and does not use any biometric data, including facial recognition, for its operation.

IVECO
eDAILY

All the power you need

The eMotor of your eDaily delivers the same performance as the Daily you know, with 140 kW maximum power hold for 2 minutes (industry standard 30 seconds). It is exceptionally responsive thanks to the instant electric torque. Together with the best-in-class manoeuvrability, it makes driving eDaily a delight. And, for heavy-duty missions, the rear-wheel drive will power through the toughest jobs.

Hi-Power
For a temporary boost

The eDaily's distinctive Hi-Power function maximizes performance to give you a boost when you need more power, for example when overtaking a vehicle.

Best-in-class towing capacity
Up to 3,5 t

eDaily is a true towing champion. It holds the record-breaking title for towing the heaviest weight by an electric van with a standard production 3,5 t van equipped with a 140 kW rear-wheel drive drivetrain with 400 Nm torque towing a massive 153,58 t – also breaking records set by all-wheel drive cars.

Any mission you can think of: including yours

All bodies, all conversion opportunities, all missions – and the versatility of the eDaily you know.
An **ePTO up to 50 kW** is available as electric plug or additional electric motor to power refrigeration, cranes and other superstructures, even when the vehicle is switched off.
You can also plug your vehicle into an electrical socket as a power supply for your equipment.

		77 kW/h	74 kW/h	111 kW/h	148 kW/h

Superior Driving Comfort

A wide choice of rear suspensions, from the AIR-PRO pneumatic intelligent suspension to the new mechanical rear suspension that will enable a bigger payload.

AIR-PRO
The intelligent suspension

The air suspension provides a supremely comfortable ride with excellent stability, protecting you and your load. You are in control: you can choose the best set up, prioritising comfort or performance as needed.

The whole line up: nothing missing

Dimensions

		Height / Load volume				
		H1 (1.545 mm)	H2 (1.900 mm)	H3 (2.100 mm)	Gross vehicle weight (t)

4.750	-	-	6,0	7,2
5.100	-	-	6,0	7,2

All body variants up to 7,2 t GVW single wheels/twin wheels

Some say electric vans are only suitable for door-to-door missions.
eDaily thinks different: electric means future – and the future comes in all body variants.

eDaily is offered in Van, Cab, Crew Cab, Chassis Cowl and people mover versions, and is confirmed as the most versatile and complete base for conversions, offering a wide combination of wheelbases and gross vehicle weights. No parts protruding from the upper frame and digital and analogic interfaces (as in example the CAN BUS 2.0B) make eDaily the **most versatile and complete EV base for conversions**.

eDaily is the only electric LCV to offer **alternative rear axle ratios** on the 50C (3,56 or 4,44) and 72C versions (4,23 or 5,13) to optimize either performance or efficiency.

IVECO Services Solutions

At IVECO, we deliver Mobility Solutions that best meet your needs. Our goal is to help you reduce Total Cost of Ownership while increasing productivity by focusing on vehicle health and enhancing the driver experience, through an integrated portfolio designed to support your mission.

Uptime

Unexpected stops cost you. IVECO Uptime prevents them. Through continuous monitoring and remote diagnostics delivered by the IVECO Uptime Center and network, we reduce unplanned downtime by up to 24%.

eMobility

Managing an electric fleet requires new expertise. IVECO eMobility brings it all together. Combining smart routing, charging solutions, uptime services and 24/7 monitoring, it keeps operations productive and total cost under control. We already monitor 4,000+ electric vehicles.

Productivity & Efficiency

In transport, profitability depends on daily decisions. IVECO Productivity & Efficiency gives you the insights to make them. With vehicle data visibility and analytics, it helps reduce costs by up to 5% while improving safety, routes and compliance.

Driver Care

Drivers operate under constant pressure. IVECO Driver Care reduces complexity and cognitive load. Through voice interaction, connected navigation and real-time guidance, it keeps drivers focused. Accidents can be reduced up to 5%.

Safety & Security

Managing risk requires visibility and control. IVECO Safety & Security delivers both. With IVECO ON connectivity and continuous monitoring, it enables early detection of unsafe behaviour and reduces accident exposure by up to 25%.

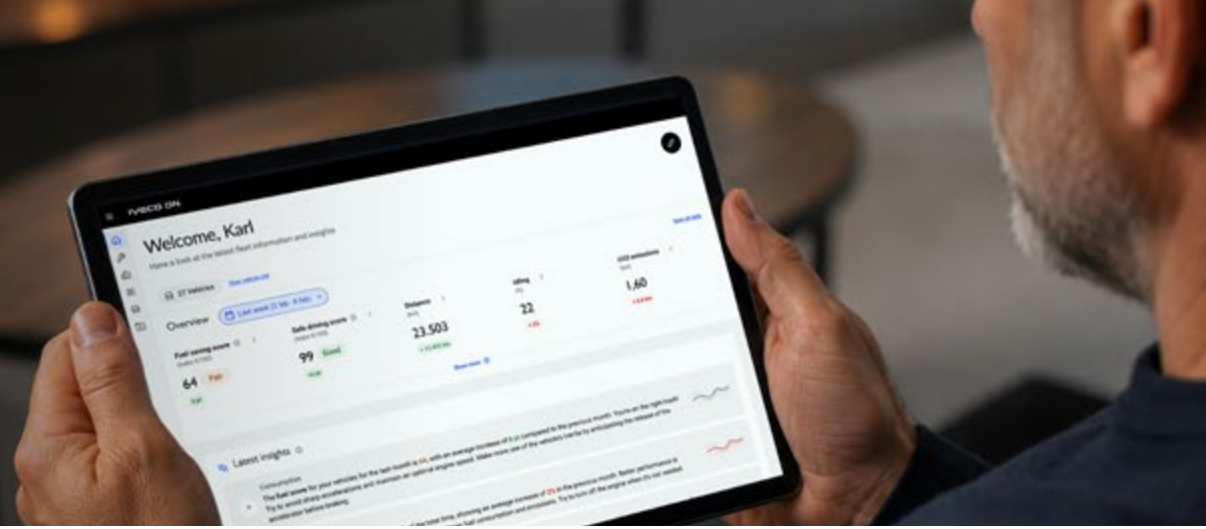
Parts & Accessories

Our extensive offer of high-quality parts and services enables you to customize your vehicle and enhance your life on board.

Connectivity

A smart way forward

Choose the connected solution that fits your business – from essential visibility to uptime support and advanced fleet insights. Add Premium services to tailor to your mission needs.



Standard Service Bundle

eStart
Essential tools to monitor and control your EV, boosting productivity, efficiency, and sustainability.

IVECO ON Access
Fleet visibility through the IVECO ON portal for real-time data and simplified management.

Easy eDaily App
Driver-friendly App for quick access to vehicle status, charging points, and key info.

Uptime Monitoring and Management
Continuous health checks and proactive alerts to prevent downtime.

eRemote Control
Schedule and manage charging and comfort features remotely for cost efficiency and readiness.

eRange Assurance
Accurate range prediction and battery alerts for stress-free planning.

Premium Services

Tailor your Mobility Solution with powerful add-ons:

IVECO ON Web API
Integrate fleet data into your systems for advanced analytics and automation.

IVECO ON Plus
Location-based services with live vehicle positioning for smarter job planning.

IVECO eCharge Management
Public charging access with IVECO eCharge Card, simplifying admin and cost tracking.

IVECO eCharge
Combines private chargers and public network access in one solution with a single interface and contract.

Driver Assistant
Extends Smart Routing and infotainment features, adding extra years of connected experience.

Maintenance & Repair

You can protect the value and performance of your vehicle, and your business productivity with a Maintenance & Repair offer.
Our maintenance and repair contracts plans will maximize your vehicle's availability and you can rely on our skilled workforce and guaranteed high-quality IVECO Genuine Parts.

Combine the M&R services to build a contract tailored to your needs

Maintenance
Maintenance and lubricants, oils and fluid changes according to the M&R Handbook.

Wear
Covers clutch, brake pads, brake discs, brake drums or brake linings for drum brakes.

Driveline
Covers eMotor, transfer box, propeller shaft, axles and component repairs.

Driveline Plus
Extends Driveline coverage to additional vehicle systems beyond propulsion, including energy systems.

Full Repair
Raises further the level of cover extending the Driveline contract with repairs to the braking system (excluding wear components), PTO, chassis, suspension, inverter, CMU.

Your IVECO eDaily comes with 2-year FULL REPAIR cover included in the standard warranty.

Choose and combine to fulfill your requirements

You can choose the best service* levels for your business size and needs, knowing that the associated costs are fixed and predictable.

ESSENTIAL
Maintenance

ADVANCED
Maintenance + Driveline

PREMIUM
Maintenance + Full Repair

FULL REPAIR
Driveline + Extradriveline

* Wear selectable as option.

Parts & Accessories

IVECO offers you a wide range of parts and accessories to increase productivity, enhance versatility, optimize profitability, and keep your vehicle maintenance costs under control, improving your digital life on board and increasing your comfort.

Genuine Parts

HIGH PERFORMANCE

Designed to meet IVECO standards, certified **Genuine Parts** ensure **consistent performance** and **high quality** for your vehicle, with a wide choice of components.

Each part is tested and certified to guarantee IVECO quality. Delivery comes within 24h thanks to the extended IVECO network of Authorized workshop ready to support.

Reman Parts

SUSTAINABLE CHOICE

Through a dedicated and constantly evolving remanufacturing process, **IVECO Reman Parts** are restored by expert technicians to **original performance and specifications**. Each component is inspected, remanufactured and rigorously tested in line with IVECO quality standards.

Reman Parts deliver a sustainable and eco-friendly process to reduce waste and are a cost-effective solution.

Accessories

ENHANCED EXPERIENCE

IVECO Accessories offers an exclusive range of products designed to enhance the aesthetics, comfort, safety, and technological capabilities of your vehicle. Every accessory enriches and personalizes your driving experience, while boosting connectivity and operational efficiency.

IVECO Accessories are easy to install and fit perfectly on the vehicle, maximize the driving experience and the versatility of the vehicle.

IVECO
00800|4|8|3|2|6|000
Assistance Non-Stop

IVECO Non Stop

IVECO Assistance Non-Stop is just a phone call away 24 hours a day, 7 days a week to keep your eDaily and your business running.
IVECO Non-Stop is the original IVECO smartphone application that you can use to communicate with IVECO if your vehicle breaks down. Just insert your vehicle information (VIN and registration plate) and with a simple push of a button you can send a request for assistance to the IVECO Customer Uptime Center. We will take care of your request immediately, activate the nearest workshop and follow up on the vehicle's repair. Through the app you can receive updates on the progress of your vehicle's assistance.

IVECO CAPITAL

Financial Services

IVECO CAPITAL is the financial services brand of Iveco Group, offering dealers and end-customers a comprehensive range of financing, rental, insurance and service solutions for commercial vehicles, powertrains and buses.

IVECO CAPITAL delivers tailored and flexible Mobility Solutions worldwide, empowering customers to move forward and realise their full potential.
